no. 10 – Total eligible EBITDA by industrial segment	36
no. 11 – The 5 mega trends for utilities	39
no. 12 – The 2020-2024 Sustainability Plan in numbers	42
no. 13 – The Sustainability Plan guidelines	42
no. 14 – Activities of the Corporate Governance Committees	62
no. 15 – The architecture of the SCIGR	66
no. 16 – The key players of the SCIGR	66
no. 17 – The ERM Unit and the corporate focal points	70
no. 18 – The certified integrated management system	75
no. 19 – Stakeholders and their involvement	77
no. 20 – Stakeholder map	78
no. 21 – Sustainability tools	81
no. 22 – Overall opinion and on electricity service aspects – sale and distribution of energy - 2021 (scale of 1-10)	89
no. 23 – Overall opinion and on aspects of the public lighting service in Rome and Formello - 2021 (scale of 1-10)	90
no. 24 – Overall opinion and on aspects of the water service – sale and distribution of water in Rome and Fiumicino - 2021 (scale of 1-10)	90
no. 25 – Overall opinion and on aspects of the water service – sale and distribution of water in Frosinone and its province - 2021 (scale of 1-10)	91
no. 26 – Overall opinion and on aspects of the water service – sale and distribution of water in Sarnese Vesuviano - 2021 (scale of 1-10)	91
no. 27 – Overall opinion and on aspects of the water service – sale and distribution of water in Territorial Conference No. 6 “Ombrore” - 2021 (scale of 1-10)	91
no. 28 – Overall opinion and on aspects of the water service – sale and distribution of water in Benevento and its province - 2021 (scale of 1-10)	91
no. 29 – Types of public lighting faults out of total reports received (2021)	99
no. 30 – Electricity price trend for a standard domestic customer (2020-2021)	118
no. 31 – Total telephone calls to Acea toll-free numbers (2020-2021)	124
no. 32 – Percentage breakdown of inbound calls to Acea toll-free numbers (2021)	124
no. 33 – Acea corporate website 2021: access methods and age groups	133
no. 34 – Value of ordered goods, services and works and percentage on total (2021)	142
no. 35 – Orders (goods, services, works) by business area (2020-2021)	142
no. 36 – Geographical distribution of the amounts for goods and services in Italy and abroad (2021)	142
no. 37 – Geographical distribution of the amounts of works awarded in Italy (2021)	142
no. 38 – Composition of the staff: gender, age and category (2021)	149
no. 39 – Contract types and length of the employment relationship (2021)	149
no. 40 – Types of entries and age of the staff (2021)	150
no. 41 – Types of exits and age of the staff (2021)	150
no. 42 – The distribution of the staff from a gender perspective (2021)	150
no. 43 – Presence of women in the corporate governance bodies (2019-2021)	151
no. 44 – Hours worked by the staff and absences (2021)	153
no. 45 – Women's pay as a percentage of men's pay by qualification and age group (2021)	154
no. 46 – Accidents and indices by gender and business area (2021)	158
no. 47 – Members that have used CRC services (2021)	171
no. 48 – Investment breakdown by macroarea (2020-2021)	180
no. 49 – Acea sites/plants analysed, with potential impacts on biodiversity and protected areas intersected	193
no. 50 – Number of species listed in the IUCN Red List with habitat in the protected areas intersected	193
no. 51 – Installed electrical power of the group broken down by energy source (MW) (2021)	200
no. 52 – Electricity produced subdivided by primary energy source (TJ) (2021)	201
no. 53 – Incoming volumes of waste managed by type of plant/activity (2021)	206
no. 54 – The water distribution network of the main Group Companies in Italy (2021)	209

no. 55 – Tests of drinking water, total and by Company (2021)	209
no. 56 – Water loss accounting model	212
no. 57 – Sewerage networks of the main Group Companies in Italy (2021)	214
no. 58 – Analytical checks on wastewater, total and by Company (2021)	215
no. 59 – Car-sharing data (2021)	220
no. 60 – Waste streams for the water segment companies	228
no. 61 – Main waste streams in the Environment segment (waste-to-energy and compost sites)	229
no. 62 – Waste streams for Areti	230

TABLES

page

no. 1 – Consistency with GRI Material Topic-Specific Standards and Acea material topics of high significance	14
no. 2 – Companies included in the Parent Company's full consolidation area (2021)	15
no. 3 – Scope of the Acea group Consolidated Non-Financial Statement for 2021 (pursuant to Italian Legislative Decree no. 254/2016 and the GRI Standards)	16
no. 4 – The Ten Principles of the United Nations Global Compact	18
no. 5 – The elements of advanced CoP and GRI Standards	19
no. 6 – Acea Group in numbers, 2021	22

no. 12 – Certified management systems in the Acea Group (as at 31/12/2021)	76
no. 13 – Economic value directly generated and distributed (2020-2021)	81
no. 14 – Breakdown of value generated by stakeholder (2020-2021)	81
no. 15 – Acea Group customers (energy and water sectors) (2019-2021)	87
no. 16 – Results of customer satisfactions surveys: sales and distribution of energy, public lighting service (2020-2021)	92
no. 17 – Results of customer satisfactions surveys: water service (2020-2021)	93
no. 18 – Main interventions for the management and development of electricity grids and substations (2021)	96
no. 19 – Public lighting in Rome in figures (2021)	97
no. 20 – Main interventions for improved efficiency, safety, repairs and maintenance (2021)	99
no. 21 – Public lighting fault recovery: fines, standards and Acea performance (2020-2021)	99
no. 22 – The main specific and general levels of commercial quality – energy-distribution (2020-2021)	102
no. 23 – The main specific and general levels of commercial quality – energy sales (2020-2021)	103
no. 24 – Service continuity data – energy distribution (2019-2021)	104
no. 25 – Water mains areas 2021 (georeferenced data)	105
no. 26 – Main interventions on the drinking water and sewerage networks and controls on drinking water and wastewater (2021)	106
no. 27 – Number, type and duration of disruptions in the supply of water (2019-2021)	108
no. 28 – The main specific and general levels of contractual quality in the water segment (2020-2021) – Acea Ato 2	112
no. 29 – The main specific and general levels of contractual quality in the water segment (2020-2021) – Acea Ato 5	113
no. 30 – The main specific and general levels of contractual quality in the water segment (2020-2021) – GORI	114
no. 31 – The main specific and general levels of contractual quality in the water segment (2020-2021) – Gesesa	115
no. 32 – The main specific and general levels of contractual quality in the water segment (2020-2021) – AdF	116
no. 33 – Average water prices applied (2021)	118
no. 34 – Energy: toll-free number and branch performance (2020-2021)	126
no. 35 – Water: toll-free number and branch performance (2020-2021)	127
no. 36 – Procurement data (2020-2021)	143
no. 37 – Procurement nationwide (2020-2021)	143
no. 38 – Change in employees by macro area (2019-2021)	148
no. 39 – General data on personnel (2019-2021)	151
no. 40 – Movements of personnel (2019-2021)	152
no. 41 – Age groups, employment contract length (2019-2021)	153
no. 42 – Hours worked, absences, remuneration and members of the supplemental pension fund (2019-2021)	155
no. 43 – Health and safety (2019-2021)	160
no. 44 – Training (2020-2021)	165
no. 45 – Performance of stock exchange indexes and Acea shares (2021)	172
no. 46 – 2021 Rating	173
no. 47 – The principal sources under protection	197
no. 48 – Installed power of the electric power stations of Acea Produzione	200
no. 49 – Electricity produced (by primary energy source) (2019-2021)	201
no. 50 – The production of energy by Ecogena plants and energy efficiency certificates (2019-2021)	202

no. 51 – Number of overhead and underground distribution lines and plants (2019-2021)	203
no. 52 – The San Vittore del Lazio waste-to-energy plant: operating data (2019-2021)	206
no. 53 – Terni waste-to-energy plant: operating data (2019-2021)	206
no. 54 – Analyses in Rome (2019-2021) and main quality parameters of the drinking water distributed in Latium, in Campania and in Tuscany (2021)	210
no. 55 – Volumes of wastewater treated by Water Companies operating in Latium, in Campania and in Tuscany (2019-2021)	213
no. 56 – Percentage coverage of the sewer and purification services over the total user accounts of the Water Companies in NFS (2019-2021)	214
no. 57 – Hydrographic basins affected by discharges of Companies within the scope of NFS	214
no. 58 – Output parameters of the main treatment plants managed by Acea Ato 2, Acea Ato 5, GORI, AdF And Gesesa (2021)	215
no. 59 – Type and consumption of materials by the main Companies in the Group (2019-2021)	217
no. 60 – Direct energy consumption of the main Companies in the Group (2019-2021)	217
no. 61 – Indirect energy consumption of the main Companies in the Group (2019-2021)	218
no. 62 – Energy intensity indices (2019-2021)	219
no. 63 – Energy efficiency in Areti (2019-2021)	220
no. 64 – Water intake of the Group's main Companies (2019-2021)	222
no. 65 – Environmental indicators: CO ₂ emissions, greenhouse gas intensity indices and vehicle emissions (2019-2021)	223
no. 66 – Concentrations of atmospheric emissions generated by waste-to-energy plants (2019-2021)	224
no. 67 – CO ₂ emission allowances as per the National Allocation Plan (NAP) and actual emissions by plant (2019-2021)	224
no. 68 – Environmental indicators: CO ₂ emissions, greenhouse gas intensity indices and vehicle emissions (2019-2021)	225
no. 69 – Total waste produced (2019-2021)	227
no. 70 – Waste produced by companies in the water segment	228
no. 71 – Waste produced by the companies in the Environment segment	230
no. 72 – Waste produced by the Areti Company	231
